指標群	七、學校加強節能減碳措施	指標內容	4. 學校在再生能源應用（風力、太陽能等）之部份能進行推廣與教學。
活動內容	太陽能玩具體驗教學		
 A teacher with long dark hair, wearing a pink lace-trimmed top, is holding a small red solar-powered toy car. She is showing it to a group of children. One boy in a blue t-shirt with a cartoon character and the text "I am a spaceman" is looking at the toy. Other children are also gathered around, some looking at the toy with interest. The background shows a parking lot with a white car and a building.			
太陽能玩具介紹			
 A group of children are gathered around a small red solar-powered toy car on a paved surface. One boy is leaning over, touching the car. The children are wearing various t-shirts, including one with "I am a spaceman" and another with "OFFS DE FASHION". The background shows a brick building and a white car.
